

Techline Contemporary Furniture is a system made up of building blocks of different sizes and shapes that all work together in countless ways so you can define and redefine your space. Harness your environment. Be more organized. More productive. More creative. This is what we do. This is Techline.

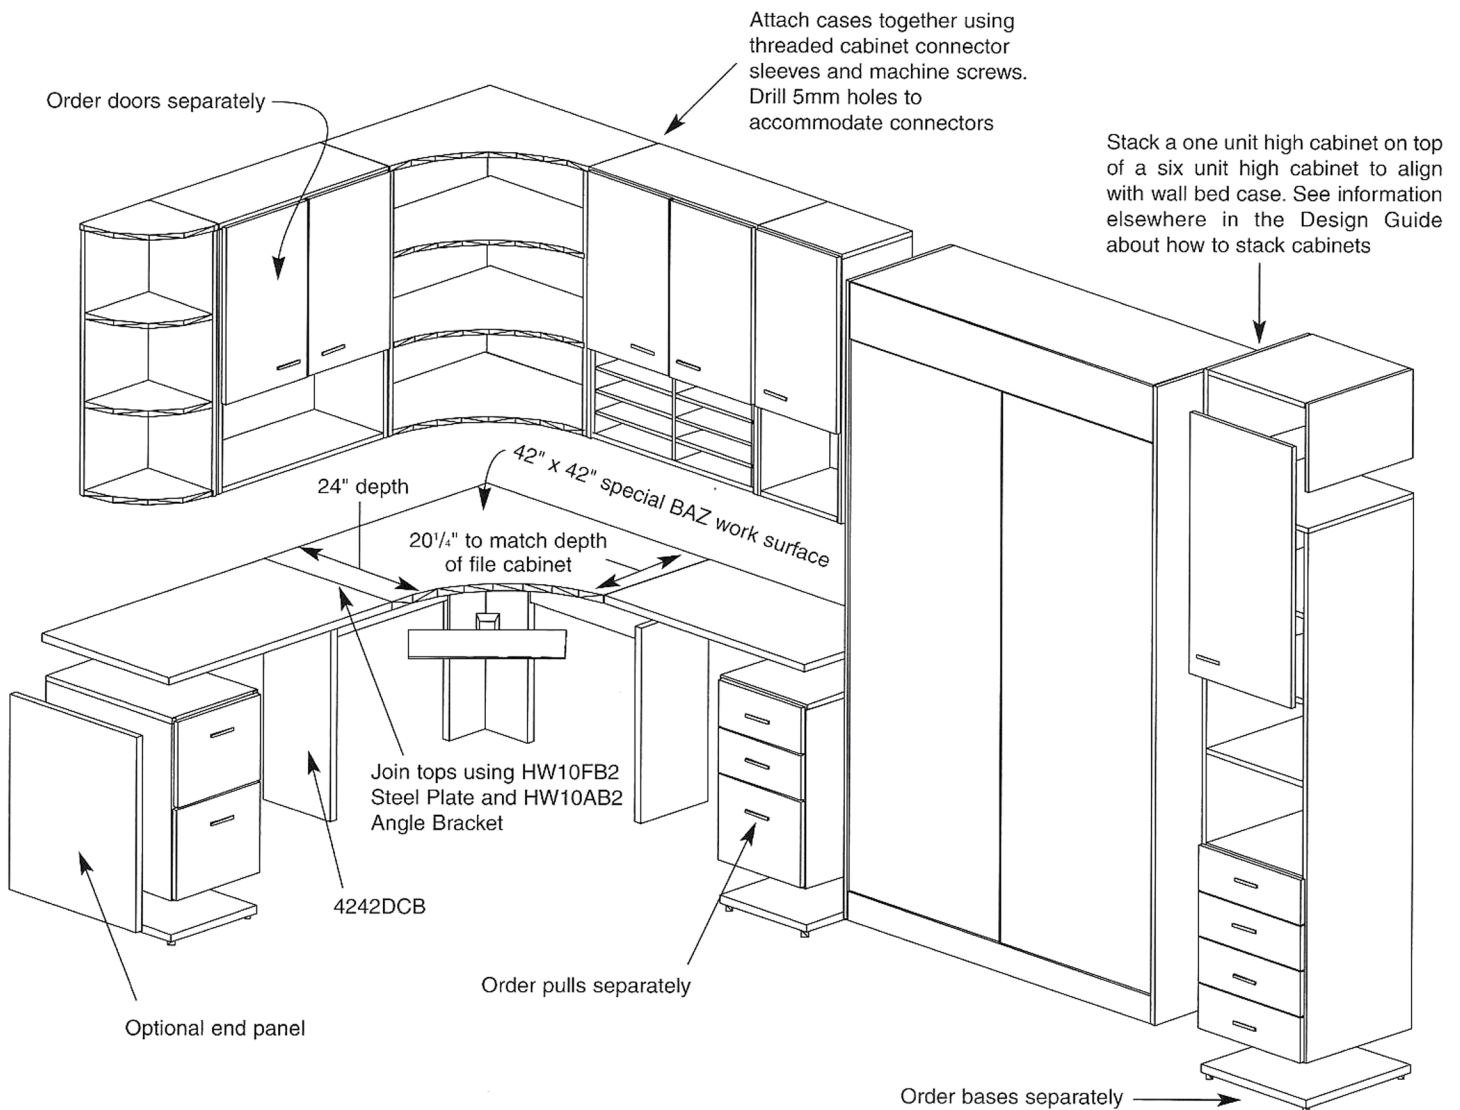

**Turn an office into a guest room.**

| 1 WB: Queen, Full, Twin | 1 Mattress       |

**Office / Guest Room**

Techline is flexible. The interchangeable pieces quickly transform the function of even the most demanding workspace. A wall bed can change an office into a guest bedroom, then back again in minutes. All Techline components can be configured and reconfigured based on your changing needs.
